## Accelerated Math

Students are now receiving a weekly math packet for their homework. They should be pacing themselves so they are able to complete the homework packet by Friday. I have been helping some students by showing them how much to do each night.

Your child is welcome to score their homework packet at home using Home Connect. However, I instructed them that if they choose to do that, I still need a print out of the TOPS Report so that I can record their score. Scoring their completed homework using Home Connect frees them of the time it takes to scan their scantron in class. We will have time built in, however, for them to do so.

### Field Trips

The permission slip for the Black Chasm Caverns field trip is now available on our website! These are due October 10<sup>th</sup>, so please make sure to get them in soon 😊

## HARVEST FESTIVAL

Mark your calendars for October 29<sup>th</sup>! The Calico class will be hosting a Candy Apple booth at this year's Harvest Festival. If you are interested in helping out, please let me know and we can plan this fun event. I look forward to seeing you all there! We will need coverage for the booth from 11am-3pm.
