

Calico Classroom

Mrs. Kimbrough and Ms. H

Curriculum Overview:

Weekly in-class assignments will now be turned in on Friday by 12:00pm. This new system of turning in work will help the students to learn responsibility for managing their time and work. It will also allow me time to support students in class instead of checking off jobs during class time. If you are interested in coming on Friday afternoons to assist in the classroom, please let me know ☺ I can use all the help I can get!

Accelerated Math

You have probably noticed the TOPS Reports coming home from your children's Accelerated Math work. This is printed out for in-class Exercises, Practices (homework) as well as Tests. For now, I don't need a signature for any of these, but please do go over the corrections with your child. I remediate in class, but it helps for them to get overview at home as well.

Field Trips

The deposit for the Coloma (\$20) and Mission Springs (\$30) field trips were Due September 1st. Please turn those in as soon as possible ☺

The volunteer schedule will be up and running soon!

Homework reminders:

If your child forgets their homework at school, remember that you can login at home via Renaissance Home Connect. Follow the prompts to reprint their practice page. Details are available on our class website regarding step-by-step instructions and the internet address. The students will also use Home Connect at school to reprint an assignment if they accidentally leave it at home.

Important Dates:

Recycle Every Friday

International Day of Peace – September 21st

Fall Picture Day – September 27th

CSUS Aquatic Center Field Trip – September 30th
