

Calico Classroom

Mrs. Kimbrough and Ms. H

Curriculum Overview:

This week, we continued with our subject areas from last week and introduced the following:

- ✓ **Albanesi Language Cards**
- ✓ **Accelerated Math**
- ✓ **Cultural Rotations**

This week's work plan that you will see on Monday might only have a couple jobs signed off. We are still transitioning and acclimating to our new schedule and workload. I informed the students that we "do our best, and forget about the rest!" ☺

We're excited to be getting our Accelerated Math (AM) program up and running. The teachers are experimenting with a rotation schedule that allows for time for optimal learning. Therefore, students are meeting with their regular classroom teacher for AM this week. We'll keep you updated during this normalization period.

Thank you for the timely submission of field trip permission slips. That helps the process go much smoother, and ensures that we all get to participate in these fun and educational events!

Homework reminders:

- *On Tuesday, your child will bring home their weekly work plan to be signed by a parent and brought back to school on Wednesday.*
- *Remember to sign your child's planner each night for reading.*

Important Dates:

Labor Day - Monday, September 5th

Friday, September 9th – Recycling

Friday, September 16th – Spirit Day – Wear Tie Dye!, Recycling
