What's Happening In our Class?

Class time and routines have seemed to finally be established and most all students know and have the ability to follow their work plan guide. The students love the daily lessons I give them, as far as they tell me anyway. ☺

Last week, we reviewed letter matching to pictures, compound words, definite and indefinite articles, as well as addition, planets, and soccer for P.E.

Parent conferences are coming up in mid October. Schedules have been sent out. Sign up quick for what available day/time fits your needs.
