December 26th-January 2nd
Club M. Closed

January 9th
Governing Board meeting 6:30pm
Carmichael Campus

January 10
Room Parent meeting

Curriculum and Instructions

This week was filled with fun! Thanks to Jamie, Alison's mom for coming in and sharing latkes and a story with the class.

We also appreciate Dawn, Kaia's mom for making sugar cookies for us to decorate.

I hope everyone was able to attend the Continent Party. The kids worked so hard at creating the many sea creatures, plants and underwater geography. Thank you to the many families who brought their special shells, starfish and stuffed animals. Also, of course the many supplies that were donated to transform the classroom. It looked spectacular due to everyone's commitment to helping out. I really appreciate and value your help.

Miscellaneous

We still have some friends shivering at recess. Layers are the best bet for keeping warm, or a warm winter coat. Please let me know if you are in need of warm layers and we can happily help out.

Person of the Week

Don't forget that when your child is Friend of the Week, you can submit receipts for snack to me for parenting hours. Also, record your time spent purchasing and preparing snack, as that contributes to our community and is much appreciated.

Happy Holidays!
