What have the students been doing?

This week, we have been focusing on grammar symbols, especially the verb and adverb. We have been playing games and using the materials to learn about these two important parts of speech. Students have been having a lot of fun acting out different verbs, such as "frown sluggishly." Hilarious.

Third grade learned how to analyze a square in math, while second grade focused on sentence analysis, past/present/future verbs, and first grade finally learned grammar boxes.

We are finally finishing our stories and starting to rewrite for publishing. Thank you Jen for coming in to help them edit! We also watched a short film on fish and talked about the five classes of vertebrates.
