What have the students been doing?

This week, we created a conflict resolution wheel, with choices about what to do when someone is hurting us. The students came up with some great solutions to resolve conflicts peacefully, such as ignoring, walking away, using sign language, and using certain kinds of words. Ask your child what they learned!

The spaghetti feed was a GREAT success! Thank you to all parents who helped the students cut and cook for the sauce. It was a beautiful day and we were able to eat lunch outside.

Other than that, students are working hard and learning how to challenge themselves with concepts such as fractions, money, division, multiplication, word study, research, hemispheres, and science.

Please remind your child that toys are not allowed at school. If they have a sharing day, they may bring one item that is appropriate. Please re-read that class packet for more information.
