Hello, Carmichael Parents,

I would like to make you aware of a few campus events so you can get them on your calendar.

The Teacher Appreciation Days are scheduled for March 12, 13, & 14. Your room parent will be contacting you soon on how you can be involved in showing appreciation for your child's teachers.

The Science Fair will be held in the evening this year. It is scheduled for Wednesday, March 21st, beginning at 6:00. Class projects will be set up either in the classrooms or in Gibbons. We are encouraging children to do an individual project to share with us all. A family project would also be a lot of fun.

The Book Fair will be the week of March 19th, so you may shop during the Science Fair or when you come for Parent/Teacher Conferences on March 21, 22, & 23.

I wish you all a good evening.
