

Musical Theater Workshop!

an after-school enrichment program

Hello CMP families! I am so excited to offer Musical Theater Workshop this school year! This workshop will include four sessions throughout the year; the sessions will operate independently of each other, so just because your child does not participate in one session, that does not exclude him/her from another. This school year, we will be working on excerpts from "Alice In Wonderland."

Each session will be followed by an informal presentation, and the entire year's work will be presented in our spring musical theater showcase (late May/early June). Session 1 – Singing for Musical Theater – begins the week of September fifth. Students will meet once per week after school. **The session is seven weeks long and the total cost is \$65.** For more information, please visit singingwithsherilyn.com or email me at info@singingwithsherilyn.com. Also, feel free to call me at (916)993-8678.
