✕ Welcome ✕

Mr. Andrew and Ms. Sarah wish to welcome you to a new year at CMP Elk Grove. We hope you find the class newsletter informative and that it provides a view into our everyday work and learning experiences.

THIS WEEK AND NEXT IN ROOM 8

We have been busy at work since day one getting used to the new classroom, learning how to be a supportive and contributing student, and easing into our unique job routines. We are all improving each and every day and can't wait to show off all the work we have done!

The beginning of the year sets the precedent for the classroom climate and expectations. This includes academics and socialability. Our pre-assessments are valuable to ensure that students can begin to work right away on areas that require extra attention and practice. Equally important is learning how to communicate and navigate around the classroom with each other as this helps to ensure that we have a safe, respectful and nurturing environment.

Our top goal right now is in creating a place where all students can develop their talents and find support for their learning needs. We hope to reach that level soon and then truly find out what we are all capable of doing!
