## *First Grade Apple Extravaganza*

Back in September, our first grade field trip was rained out. To help provide the apple experience for our students, we are bringing the apples to our first graders. On Wednesday, December 7<sup>th</sup>, 1<sup>st</sup> grade students will go to the fellowship hall and participate in many apple activities. These activities include apple tasting, apple art, learning life cycles, and games and puzzles. First grade students will be participating in this event from 9:00-11:00 and will return to the classroom for the remainder of the day. If you have any questions or if you would like to help with this event please let us know.

## *Weekly Work Planners*

Weekly work planners are continuing to go home each Thursday. Please make sure you take the time to go over them with your child. It is important to compliment the accomplishments and perhaps find ways in which they can complete more of their assignments if needed. After you have discussed the work planner with your student, it is imperative that you sign and return it to class. This is our way of knowing that you are aware of the weekly accomplishments!

## *Sharing Calendar*

The December sharing calendar is online and a paper copy is going home today. Please remember to go over the calendar with your child so they know when to bring an item to share. We have had many friends who have forgotten sharing items lately.

## *Pasta Winners*

The pasta orders have been organized, counted and placed. We are scheduled to have the orders ready to hand out right before we go out on winter break. We want to give out a great big thank you to Bella, Nathaniel, Patrick, Miranda, Krishan, Ms. Acxa, and myself for participating in this fundraiser. Out of the entire school, we only had 26 students participate. The student who had the highest total sales was Krishan from the Aquamarine class. Krishan's sales totaled over \$370. Despite the low numbers of total participation, the Aquamarine class was still able to earn over \$600. This will come in very handy.

## *Nimbus Fish Hatchery*

The nimbus fish hatchery is scheduled for Tuesday, December 13<sup>th</sup>! The salmon run looks great this year so there is a really good chance that we will have a good viewing of salmon. This will be exciting!

## *Watch-Me-Work Night*

Thank you to the family and friends who were able to make it to the watch-me-work night. It is always exciting to see students get enthusiastic about their work and be eager to show what they do each day. Attending these events help instill the value of education and the importance of being involved. Thank you for taking the time to visit the Aquamarine class!

## *Holiday Grams*

Holiday grams are going to be on sale next week. If you want to send a holiday gram to your student or your student wants to send a holiday gram to friends, purchase one for only \$1 on December 5, 6, 7, & 8<sup>th</sup>. They will be delivered to students in class!

## *6-9 Winter Performance*

The 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup>, grade students are practicing for our winter performance. The winter performance is scheduled for Thursday, December 15<sup>th</sup> at Joseph Kerr Middle School (right across the street from CMP). Doors open at seven and the show starts at 7:15 sharp. If you would like to arrive earlier to help set up that would be greatly appreciated!

*Spelling Test Tomorrow!*
