Welcome Back

We want to send out a great big welcome to all new and returning CMP students. What a wonderful first few days we have had! Students were busy getting to know one-another, the classroom, and procedures. Students have worked hard showing us what they know through assessments and jumping into daily routines. We are excited about our class and we are headed toward a fantastic school year!

Back-To-School Night

Back-to-school night for the Aquamarine class is scheduled for Tonight, **Thursday, August 25th, 5:30-6:30**. This is an important event where you can meet the teachers, learn about the school year, and help prepare for a wonderful year in the Aquamarine class. This is a parent-only event. Thank you for making other arrangements for your children.

Class Supply List & Items Needed

If you did not have the classroom supply list, it is available online. We have had the opportunity to go through most of the items and we want to say thank you for getting the materials in on time. We have noticed that we need a few more items. If you are looking to donate to the class we need: scotch tape, printer ink cartridges (HP 4250), clipboards, and indoor and outdoor recess equipment.

P.E. Schedule

We are very lucky and excited to have Mr. P back once again for P.E. Our P.E. days this year for the Aquamarine class are split based upon physical education curriculum and abilities. First and second grade students have P.E. Tuesday and Friday, 9:00-9:35. Third grade students will go to P.E. Monday and Wednesday 8:55-9:30. Please help remind your student to wear appropriate clothing and shoes each day.

Lunch Utensils Needed

Due to the lack of space in our classroom, we ask that students bring their own lunch utensils each day. We do not have extra forks or spoons on hand to give out on a daily basis.

Communication Folders

Parent communication folders go home on Thursdays and are due back by the following Monday. Please make the most conscious effort to keep track of the folder and return it each week. Students will also have a free dress card attached to the folder that we use to inform students and parents of earned free dress each week. These folders are nice and bright, we are hoping that this will help avoid them from getting lost.

Thanks for a great first week and a ½!
