

# Aquamarine Magazine

Ms. Angie & Ms. Acxa  
September 1, 2011

## *Math Facts*

The Aquamarine students are up and running with the daily math facts. Students have finished their math fact assessments and are now practicing and taking quizzes each day. Quizzes are returned and sent home the same day. If your student did not pass, please take the quiz sent home and practice. This will help the students' progress faster through the cards and help them succeed.

## *Weekly Music Lessons*

Our weekly music lessons are back! Starting tomorrow, Aquamarine students will have music lessons with Mr. Michael from Newsongs School of Music on Fridays, 1:00-1:40. We will send periodic updates as to what they are learning. It is amazing what the students can absorb!

## *Walk-a-Thon*

The Walk-a-Thon is going to be here before you know it. This is our largest fundraiser and to successfully pull it off, your help is desperately needed. Please come into the class and sign up in an area where you can help. Start thinking about possible donors for raffle prizes and items for our class raffle basket. This year the Aquamarine class' theme is "Baby". This will be a great basket that will make an expecting mother very excited. We are looking for items such as diapers, wipes, toys, bibs, etc. This is the first year for this basket so let's make it great!

## *Ice Cream Social*

The 6-9 (1<sup>st</sup>-3<sup>rd</sup> grade) ice cream social is scheduled for Thursday, September 8<sup>th</sup>, 4:00-6:00. This is a wonderful event where families and get together, enjoy some ice cream, and have some fun. This is a free event and hope to see you all there!

## *Weekly Planners*

Students started working with weekly planners this week. They seems to enjoy the new style and look and really enjoy the positive comments written in the back. Planners will go home on the following Thursday in the Thursday folders. Weekly planners are due back to class signed and by the following Monday.

## *H2O Bottles and Sweaters*

Just a quick reminder that students have access to water in the classroom and are asked to bring a water bottle to refill. This will help eliminate the need to leave the classroom to get water and meander through the halls. Students are also asked to bring a light sweater if they are getting cold in class. With all of the warm bodies, the air needs to be turned on to eliminate a stuffy and smelly class. The light sweater is perfect!

*Seven Habits of Highly Effective Volunteers Training TONIGHT! 5:30-6:30*  
*No School on Monday, September 5<sup>th</sup>! Happy Labor Day!*  
*Confidential Surveys Due September 6<sup>th</sup>!!!!*
