

CMP CAC and Committee Organization
2011-2012

Campus Advisory Council (CAC)

The Campus Advisory Council (CAC) functions as an Advisory Committee to the Principal. The primary function of the CAC is to provide support for the successful operation of the school campus and furthering the overall Mission of the California Montessori Project (CMP). This support comes through the following channels: providing support to the Principal; serving as a positive communication channel between the campus, parents, teacher and the community; guiding the fundraising activities at the campus; allocating donated resources in support of the campus' educational program; attending supporting parent educational programs; and coordinating the Parent Participation program.

The CAC is made up of five members (the school principal as Chair, two teacher representatives and two parent representatives), who meet once per month in an open forum for observation and participation by the school community.

The current schedule of regular meetings is:

Day/Time: Please see minutes from previous meeting
for date and time information

Where: CMP Elk Grove Campus
Office Staff Room

Suggested topics may be submitted by anyone in the school community to any CAC member by the previous Friday to be considered for the agenda.

Campus Advisory Council
