**Relationship Building program**

In an effort to continually improve the integrity of our kindergarten program we have developed a Relationship Building program to better accommodate the needs of our incoming kindergarten students. The aim of this program is to give teachers and students the opportunity to connect in a small group setting. The benefits of this program will be more effectively assessing what a child already knows upon entering kindergarten, giving the child additional time to grow more comfortable with the teacher and learning environment and helping to develop accommodations that will make the learning environment more suitable to the child's needs. This is an elective program, and although beneficial is not necessary to your child's success in the CMP Elk Grove Campus kindergarten program. If you are giving permission for your child to participate in the program please sign and fill out the form below and return it to your child's teacher. In addition, we will need for you to sign up for a date in which you will pick up your child at 2:45pm rather than the dismissal time of 1:45pm. This is a one-day program and we will only be assuming care of your child on the date stated below on this form. We hope that you can participate in the Relationship Building program, because it is our belief that it will further expedite the normalization process in your child's classroom.

Thank you,

*The CMP Elk Grove Campus Kindergarten Team*
