A Note from the Teachers:

What an amazing week in the Aspen Classroom. As students have begun to settle in to work plans and jobs, they are beginning to experience the beauty of collaboration with peers. It is such a joy to observe two students at work on a job discussing the material and helping each other master the concept of study (for example, compound words).

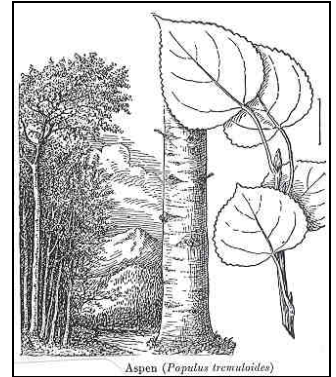

It is also incredible at how the kids have grown so much taller over the summer! The back-to-school guide Dress Code section states that, "Dresses, skirts, and shorts must be the length of the child's fingertips with

arms at the sides." Thank you so much for your help!

We would also like to extend a thank you to families who have been able to bring in slippers for their child this week—the kids have felt so cozy!

The 2/3 team's first stewardship project is underway. We will be writing letters to soldiers overseas. During the winter holiday season, we will be preparing care packages to send as well. If your family would prefer an alternative project, please notify a teacher! ☺
