

Eucalyptus Class Newsletter November 28, 2011

Tolerance

"I want a man with the courage not to fight back."
--Branch Rickey on Jackie Robinson

Curriculum Updates: Accelerated Math

Accelerated Math is here! We will begin using Accelerated Math on a diagnostic level before winter break in the Eucalyptus class. This will give both the students and teachers some time to use the program. Following break, our students will begin to work on math goals and objectives that will be customized to challenge the students at their level.

Coats for Kids

The Eucalyptus class will be contributing warm jackets/coats this winter towards the "Coats for Kids" cause. Along with the Mimosa class we hope to provide the organization with a generous donation of new or used coats from our families.

Wish List Items: Thank You!

The Eucalyptus class would like to thank the families that have recently provided new "Care of Environment" supplies as well as items that will be used to create a more peaceful environment in our class. Thank you!

Dates to Remember

- 12/1 Assembly hosted by Eucalyptus – Tolerance Theme
- 12/2 Book Reports are due – Animal
- 12/16 Minimum Day
- 12/19 Winter Intersession thru 1/6

*Please see School Newsletter for more details.

Person of the Week

Matthew "Chip" B.

Matthew is the new special person of the week. Many of you may have seen him recently in his performing role as "Chip" in *Beauty and the Beast*. Matthew, we look forward to you leading our class this week and to you sharing some things about yourself.

Homework

- Spelling and math workbooks in the Friday homework folders.
- Please read a book with an animal as the Main Character for this month's book report (due 12/2).
