

Fig Class News

September 26th – 30th, 2011

Greetings Fig Families!

Sincerest thanks to our parents and families who have volunteered with materials prep, fundraising, and other classroom help. Your time directly contributes to our classroom environment and is truly appreciated. We are still looking for Friday morning help! This week's updates:

World Fair Projects: Students are hard at work researching and writing their Social Studies Reports. In addition to the written report, students will be preparing a related project (to be done at home). Their projects will be displayed at the World Fair in October. This is a fun and challenging task, and we suggest that you read through your child's Social Studies packet with them this week, and assist them with their research and planning their project for the World Fair. However, writing and project preparation should be done independently!

Maidu Field Trip: The date for the 4th Grade field trip has changed from Oct. 21st to Oct. 11th. Please return Permission Slips as soon as possible. Chaperones will be notified in early October following the chaperone lottery.

Rosetta Stone Reminder: Learning a new language is all about practice, so students are encouraged to work on Rosetta Stone at home as well as in class. User ID and Password information was sent home 2 weeks ago. If you have any questions about how to access Rosetta Stone from home, feel free to call or email us.
