

## Fig Class Special Person of the Week

When it's your child's week they are celebrated in many special ways:

- They may choose to bring in snacks to share for morning snack time.
- They may choose to bring in 5 items and/or photos to display in the Me Museum. Items are shared one morning of their choice and they must all fit into the Me Museum. No toys. Items should reflect the student's interests, personality and experiences.
- They are line leader and morning greeter for the week.
- They determine the roll call response.
- They may use the couch for silent reading each day.

Your children are all special in so many ways and we look forward to learning more about them and celebrating their individuality!
