Rosetta Stone By Andrew

Each week the Maple students should be doing 2 lessons on Rosetta Stone. We are asked to complete the lessons in order so that we don't move ahead so far that we don't understand what we're doing. Every time you complete a level, you get to go up in front of the school at an Assembly to receive a certificate. You may also get to be in the newsletter and get a pizza party. This should motivate you to try harder on Rosetta Stone. You and your parent should schedule something for Rosetta Stone at home, like one lesson per day or 2 hours per week.

Maple Students that have moved beyond Level I are:

Andrew—Level III

Patrick—Level II

Tiffany—Level II

Classroom Update By Alyssa

Last week all of the 5th and 6th graders were working on writing their rough drafts for their research report. They gave their oral presentations on Friday. The final is due Thursday, February 16th.
