### Tall Ships 5<sup>th</sup> Grade Field Trip

As we set sail on a 3-hour sailing program, the children will discover the full potential of these magnificent Tall Ships, to capture the attention and imagination of young crew members. Working under seasoned watch officers, participants pull together as a team to set and trim the sails. They learn to work the ropes, read instruments of navigation and explore the history of a merchant vessel of the 18<sup>th</sup> century.

Our trip leaves from Old Sacramento and sails on the Delta near the Tower Bridge. The water is calm, but can be quite cool at this time of the year. Come prepared!

This trip meets our state standards for 5<sup>th</sup> grade migration and explorers.

We are leaving at 8:00 am - BEFORE SCHOOL STARTS. Please be prompt so that we don't miss our sail time!
