...a note about our lessons...

MONTESSORI LESSONS

As we continue creating a quiet meaningful work period, it will include word building, math, sensorial, geometry, handwriting, creative writing and a problem of the day.

OUR CULTURAL WEEK

This week the children will be learning about the parts of a pumpkin and parts of an apple while discussing autumn (fall) and its many beautiful colors. This will tie in to our field trip to Abel's Apple Acres. We will also take a walk observing the changing colors of the trees around us while identifying leaf forms. We will continue learning about the 7 continents, their names and the major oceans surrounding them.
