Safety Operations Plan

Preface
California public schools are required to comply with California Education Code (CEC), Section 35294, and dealing with the preparation of “safe school plans.” In keeping with this task California Montessori Project (CMP) developed a Comprehensive School Safety Plan which includes a Site Emergency Response Plan and will help guide the CMP school administrators with their safety and response plans. Each of these plans will address policies and procedures, hazard prevention, emergency preparedness, response and recovery. These plans adopt both the framework of the National Incident Management System (NIMS) and the model of the Standardized Emergency Management System (SEMS), developed by the State of California and are designed to centralize, organize and coordinate emergency response among various CMP organizations and public agencies. NIMS/SEMS provide an effective framework for managing emergencies ranging from minor incidents to major earthquakes.

Mission
CMP’s mission for the Safety Operations Plan is to provide a Comprehensive Safety Plan and a Site Emergency Response Plan for ensuring a safe, healthy and productive learning environment for all stakeholders.

CMP’s Safe School Vision
1. CMP will provide a safe, orderly and secure environment to learning.
2. CMP will create a school in which students will attend regularly and be safe from both physical and social-psychological harm.
3. CMP will solicit the participation and views of stakeholders to promote a safe and healthy environment.
4. CMP will develop a plan to work cooperatively and collaboratively with parents, students, staff, administrators and community agencies to provide a safe and orderly school and neighborhood.
5. CMP will provide training opportunities to staff and students which will promote preparedness in the event of an emergency.

Plan 1: Comprehensive School Safety Plan
Plan 1: Introduction to the Comprehensive School Safety Plan
Introduction to the Comprehensive School Safety Plan

State law requires schools to develop a comprehensive safety plan to address the policies and procedures in place that provide for a safe, orderly, school environment conducive to learning (California Education Code 32280 through 32289). The Comprehensive School Safety Plan will describe programs put in place by California Montessori Project (CMP) to assist in offering a safe environment for all stakeholders.

Comprehensive School Safety Plans must include the following elements:

1. School Climate: Assessment of school crime committed on school campuses and at school-related functions
2. Child Abuse Reporting Procedures
3. Student Discipline Procedures
4. Suspension and Expulsion Policies
5. Teacher Notification of Dangerous Students
6. Sexual Harassment and Discrimination Policy
7. Dress Code
8. Peace Education / Anti-Bullying Policy
9. Safe and Orderly Learning Environment
10. Procedures of Safe Ingress and Egress
11. Suicide Prevention Policy

The Safety Operations Plan will be reviewed and updated by March 1 of each year. Every year, the school will report on the status of its site safety plan including a description of its key elements in the annual school accountability report card (SARC).

Small school districts (with an enrollment of 2,500 students or less) may develop a comprehensive school safety plan to encompass all schools within the district, which would fulfill each individual school’s comprehensive safety plan requirement. It is not required that small school districts have their safety plans developed or approved by site councils or designated safety committees; the plans must only be approved by the Governing Board. However, a district plan should be developed in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administration, and others who may be interested in the prevention of campus crime and violence.

For best practices, CMP has chosen to implement a Safety Operations Plan which consists of a Comprehensive School Safety Plan and a Site Emergency Response Plan specific to each site.

CMP recognizes students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and creating a positive learning environment which teaches strategies for violence prevention and emphasizes high expectations for student conduct, responsible behavior, and respect for others.

The Governing Board shall review the Safety Operations Plan and individual site safety plans in order to ensure compliance with state law, Board policy and administrative regulation. Approval of the plans shall occur annually at a regularly scheduled meeting.
A copy of the Safety Operations Plan shall be available for review in each school site’s administration office, the Central Administration office and online at the CMP Website.
Plan 1: Section 1: School Climate
Plan 1: Section 1: School Climate

Leadership at CMP is a shared process. A proactive role is assumed in all phases of the school operation. CMP Administration is committed to developing CMP toward excellence in the areas of academic and social behavior.

There is a high level of cohesiveness among CMP staff members. Cooperation and support between teachers and the administration is evident. Efforts are made by the administration and staff to show concern for all pupils.

All pupils are expected to behave in a manner which promotes safety and order. Pupils are encouraged to bring problems to any CMP staff member. The everyday goal is for the staff to be proactive rather than reactive in all situations of concern. CMP provides professional development for staff members to maintain a proactive approach in providing a safe learning environment.

1.1.1 The Site Safety Committee will do an assessment, Appendix 1-1-1, of current status of school crime at the school campus or school-related functions. They will review the following reports and statistics to assess possible crime rates at the school campus:
   a. Local Law Enforcement Crime Data
   b. Attendance Rates
   c. Suspension/Expulsion Data
   d. Property Damage Data

1.1.2 The Site Safety Committee will identify appropriate strategies to maintain a high level of school safety, Appendix 1-1-2.
Plan 1: Section 2: Child Abuse Reporting and Procedures
Plan 1: Section 2: Child Abuse Reporting and Procedures

Child Abuse Reporting

The Governing Board recognizes CMP has a responsibility to protect students by facilitating the prompt reporting of known and suspected incidents of child abuse and neglect. The Superintendent or designee shall establish procedures for the identification and reporting of such incidents in accordance with law.

Section 11166.5 of the California Penal Code states, in part:

Any person who enters into employment on or after January 1, 1985, as a child care custodian, medical practitioner, or nonmedical practitioner, prior to commencing his or her employment, and as a prerequisite to that employment, shall sign a statement on a form provided to him or her by his or her employer to the effect that he or she has knowledge of the provisions of Section 11166 and will comply with its provisions.

Section 11166 of the California Penal Code states, in part:

...a mandated reporter...who has knowledge of or observes a child in his or her professional capacity of within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of a child abuse to report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and to prepare and send a written report thereof within 36 hours of receiving the information concerning the incident.

Section 11165.7 of the California Penal Code defines a "mandated reporter" as:

... a teacher, an instructional aide, ...a classified employee of a public school, administrative officers, supervisors of child welfare and attendance, or certificated pupil personnel employees of any public or private school; ... licensed day care workers; administrators of community care facilities licensed to care for children, headstart teachers; ... and social workers.

The California Penal Code, Section 11172(a) provides that mandated reporters are IMMUNE FROM LIABILITY, as provided, in part, as follows:

No mandated reporter who reports a known or suspected instance of child abuse shall be civilly or criminally liable for any report required or authorized by this article.

The California Penal Code Section 11166(4)(c) provides penalties for FAILURE TO REPORT as follows:

A mandated reporter who fails to report an instance of known or reasonably suspected child abuse or neglect as required by this section is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by a fine of one thousand ($1,000) or by both that imprisonment and fine.

Effective January 1, 2015, Assembly Bill 1432 requires all school districts, county offices of education, charter schools, state special schools and Department of
Education diagnostic centers to provide annual training to their employees in child abuse detection and mandatory reporting obligations under the Child Abuse and Neglect Reporting Act (“CANRA”).

In the education setting, “mandated reporters” include all certificated and classified employees, administrators, athletic coaches and school resources officers. The School is also required to develop a process to provide proof that employees received training. Under AB 1432, school districts and county offices of education are required to provide child abuse reporting training to all employees within the first six week of each school year. Any new employees hired during the school year must complete the training and provide proof of completion within the first six weeks of their employment. Each employee must submit proof that he or she has completed the training during the designated time frame.

The training must cover child abuse and neglect detection, mandated reporting requirements and procedures, and notice that the failure to report an incident of known or reasonably suspected child abuse or neglect is a misdemeanor punishable by up to six months in jail, a fine of $1,000, or both. The California State Department of Social Services, with input from the California Department of Education (CDE), has developed an online training module that satisfies these requirements. CMP has chosen to use the online training program for its employees.

Child Abuse Reporting Procedures

Any employee who knows or reasonably suspects a child has been the victim of child abuse shall report the instance to a child protective agency. School employees are required to report an instance of child abuse when the employee has a "reasonable suspicion" that child abuse has occurred. Reasonable suspicion arises when the facts surrounding the incident or suspicion could cause another person in the same situation to suspect child abuse and does not require specific proof of such abuse.

Child abuse should be reported immediately by phone to a child protective agency. The phone call is to be followed by a written report within thirty-six (36) hours. There is no duty for the reporter to contact the child’s parents. If a child is released to a peace officer or a child protective agency agent, the reporter shall not notify the parent as required in other instances of removal.

Child abuse is broadly defined as "a physical injury that is inflicted by other than accidental means on a child by another person." Child abuse can take the following several forms:

- **Sexual abuse:** Sexual abuse means, in general, sexual assault or sexual exploitation. Sexual abuse does not include children who voluntarily engage in sexual activity with children of a similar age. Pregnancy of a minor does not, in and of itself, constitute suspicion of child abuse.

- **Neglect:** Neglect occurs when a child's custodian has failed to provide adequate "food, clothing, shelter, medical care, or supervision" that may or may not have resulted in any physical injury.

- **Unlawful corporal punishment:** Unlawful corporal punishment occurs when any person willfully harms or injures a child to such a degree that results in a
traumatic condition.

- **Willful cruelty or unjustifiable punishment:** Child abuse also includes the situation where any "person willfully causes or permits any child to suffer "unjustifiable pain or mental suffering" or when any person endangers a child's health.

Child protective agencies responding to incident reports are prohibited from disclosing a reporter's identity to a reporter's employer.

Any person failing to report child abuse as required by law is guilty of a misdemeanor.

“Child Visitation Monitor” means any person as defined in Section 11165.7(30).

The signed statements shall be retained by the employer, or the court, as the case may be. The cost of printing, distribution, and filing of these statements shall be borne by the employer or the court.

This subdivision is not applicable to persons employed by child protective agencies, public or private youth centers, youth recreation programs, and youth organizations as members of the support staff or maintenance staff and who do not work with, observe, or have knowledge of children as part of their official duties.

(b) On and after January 1, 1986, when a person is Issued a state license or certificate to engage in a profession or occupation the members of which are required to make a report pursuant to Section 11166, the state agent issuing the license or certificate shall send a statement substantially similar to the one contained in subdivision (a) the person at the same time as it transmits the document indicating licensure or certification to the person. In addition to the requirements contained in subdivision (a), the statement shall also indicate that failure to comply with the requirements of Section 11166 is a misdemeanor, punishable by up to six months in Jail or by a fine of one thousand dollars ($1,000) or by both that imprisonment and fine.

(c) As an alternative to the procedure required by subdivision (b), a state agency may cause the required statement to be printed on all application forms for a license or certificate printed on or after January 1, 1986.

(d) On and after January 1, 1993, any child visitation monitor, as defined in Section 11185.15, who desires to act in that capacity shall have received training in the duties imposed by this article, including training in child abuse identification and child abuse reporting. The person, prior to engaging in monitoring the first visit in a case, shall sign a statement on a form provided to him or her by the court which ordered the presence of that third person during the visit, to the effect that he or she has received this training. This statement may be included in the statement require by subdivision (a) or it may be a separate statement. This statement shall be filed, along with the statement require by subdivision (a), in the court file of the case for which the visitation monitoring is being provided. (Amend. Stats 992, Ch. 459)
P.C. 11167  Telephone Reports
(a) A telephone report of a known or suspected instance of child abuse shall include the name of the person making the report, the name of the child, the present location of the child, the nature and extent of the injury, and any other information, including information that led such person to suspect child abuse, requested by the child protective agency.

(b) Information relevant to the incident of child abuse may also be given to an investigator from a child protective agency who is investigating, the known or suspected case of child abuse.

(c) Information relevant to the incident of child abuse may be given to the licensing agency when it is investigating a known or suspected case of child abuse, including the investigation report, and other pertinent materials.

(d) The identity of all persons who report under this article shall be confidential and disclosed only between child protective agencies, or to counsel representing a child protective agency, or to the district attorney in a criminal prosecution or in an action initiated under Section 602 of the Welfare and Institutions Code arising from alleged child abuse, or to counsel appointed pursuant to subdivision (c) of Section 317 of the Welfare and Institutions Code, or to the county counsel or district attorney in an action initiated under Section 232 of the Civil Code or Section 300 of the Welfare and Institutions Code, or to a licensing agency when abuse in out-of-home care is reasonably suspected or when those persons waive confidentiality, or by court order.

Plan 1: Section 3: Student Discipline Procedures
Plan 1: Section 3: Student Discipline Procedures

CMP staff will enforce disciplinary rules and procedures fairly and consistently. Discipline may include: the counseling of students; conferencing with parents; removal to an alternative learning environment, such as another classroom; suspension; or expulsion.

CMP follows a positive discipline approach. Each campus has created a slogan emphasizing Safety, Respect, and Responsibility. Students are presented with lessons, which include scenarios for all areas of the school, discussing the reasons for safety, respect, and responsibility in those locations. Positive reinforcement is stressed, and students are “caught” following the rules and guidelines.

When a student is observed not following a rule, the child is asked if they know the rule and is redirected to show the appropriate behavior. Only when a child repeatedly misbehaves are they referred to the school office and parents are contacted. The emphasis is on training and positive reinforcement for the desired behavior, as opposed to a punitive approach.

Any physical violence will result in an immediate office referral. Parents will receive a written notification (Incident Report), and a phone call made if it is deemed necessary. Students disrupting their classroom may be removed to do work in another classroom or in the office. Generally, once a child has completed a designated amount of work, they are invited to return to their own classroom.

Communicating with parents is an important element in building a team of staff and families. Phone calls and written notes or reports sent home are ways the school can keep parents informed about how their child is doing in the school environment. When necessary, parent/teacher conferences and meetings with the administrator will be scheduled to assist teachers and parents in finding the most beneficial ways to support a student’s success at school.

When unacceptable behavior occurs, the following steps will be taken:

- For minor incidents and with younger students, staff will provide opportunities for re-direction and a chance to “try again.”
- Repeated offenses will initiate a progressive system of RtI (Response to Intervention) meetings starting with a conference between the parents/guardians and teacher.
- Should the behavior(s) continue, a meeting will be scheduled with a campus administrator, the teacher(s), and the parents. Other school staff and family members may also be included if deemed appropriate. The team identifies concerns, works together on solutions, and creates an action plan. It is customary for follow-up meetings to take place to discuss progress or the need for additional interventions.

Serious incidents will lead to an immediate referral to a campus administrator. Parents will be notified by phone or in writing, and a suspension may be issued.
Corporal punishment will never be used as a disciplinary measure. Corporal punishment does not include the use of reasonable force to protect students, staff, or school property.

Parents/guardians will be notified in writing or by phone following any disciplinary action taken in response to a student’s misconduct. A follow-up parent conference with the teacher or administrator may be required. Parents may also request a meeting to discuss the incident and disciplinary action.

CMP maintains a comprehensive suspension and expulsion policy in order to promote learning and protect the safety and well-being of all students. A student may be suspended or expelled for misconduct, as specified in the Suspension and Expulsion Policy, while on the school grounds, coming and going to school, or at a school-related activity.

A principal may suspend students who fail to comply with CMP discipline policies at any time. Students who habitually fail to comply with these policies or who present an immediate threat to the health and/or safety of others may be suspended pending a recommendation for expulsion to the CMP Governing Board by the superintendent.

**Weapons and Dangerous Substances**

Due to concerns for safety, weapons of any kind may not be brought to school; this includes the parking lots and surrounding areas of the school. We are required by law to take immediate and strong action should a child bring a weapon to school. This consists of, but is not limited to, all knives, including pocket knives, sharp kitchen knives, daggers and martial art weapons, air guns, replica guns, ammunition, incendiary devices, and fireworks. Parents are asked to discuss this with their children in an age-appropriate manner to help them understand the seriousness of these items.

Parents/guardians are ultimately responsible for their child bringing such items to school and will be called immediately to pick up their child should he/she be discovered to have a dangerous object. School officials have the right to search student backpacks, lockers, or other containers if the possession of a weapon or dangerous substance is suspected.

**Sexual Harassment**

The CMP Governing Board prohibits sexual harassment of or by any student, CMP staff, or volunteer. Teachers should discuss the policy with their students in age appropriate ways and should assure them that they need not endure any form of sexual harassment.

The Board expects students and staff to immediately report incidents of sexual harassment to the principal or designee. Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature.
Theft or Destruction of School, Student or Staff Property

School staff, in consultation with a school administrator, may search a student’s belongings if there is reason to believe the child has taken another’s belongings. School administration may refer theft of property to law enforcement.

Students and parents/guardians may be held accountable for replacing or repairing any property damaged or loss due to student negligence.

Threat of Harm

All threats will be taken seriously. The student will be removed and parents/guardians called immediately in the event a student threatens another student, staff, or volunteer. Depending on the age of the student, and the severity of the threat, law enforcement may be notified.
Plan 1: Section 4: Suspension and Expulsion Procedures
Plan 1: Section 4: Suspension and Expulsion Procedures

**Governing Law:** The procedures by which pupils can be suspended or expelled. Education Code Section 47605(b)(5)(J).

This Pupil Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students and staff at California Montessori Project ("Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-charter schools’ list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as Charter School’s policy and procedures for student suspension and expulsion, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements.

Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This Policy and its Procedures will clearly describe discipline expectations, and it will be printed and distributed as part of the Student Handbook which is sent to each student at the beginning of the school year. The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee’s use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEIA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to regular education students except when federal and state law mandates additional or different procedures. Charter School will follow all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

i. A message, text, sound, or image.

ii. A post on a social network Internet Web site including, but not limited to:
   (a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

   (b) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed that the pupil was or is the pupil who was impersonated.

   (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

iii. Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1).

w) Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the superintendent or designee’s concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion for any of the following acts when it is determined pursuant to the procedures below that the pupil:
a) Possessed, sold, or otherwise furnished any firearm, explosive, or other dangerous object unless, in the case of possession of any object of this type, the students had obtained written permission to possess the item from a certificated school employee, with the superintendent or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in chapter 2 (commencing with section 11053) of Division 10 of the Health and Safety Code.

d) Committing or attempting to commit a sexual assault as defined in subdivision (n) Section 48900 or committing sexual battery as defined is subdivision (n) of Section 48900.

e) Causing serious physical injury to another person except in self-defense.

f) Robbery or Extortion.

g) Assault or battery, as defined in sections 240 and 242 of the Penal Code, upon a school employee.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearms or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the pupil shall be provided due process rights of notice and a hearing as required in this policy.

The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term “destructive device” means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference
   Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal’s designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.
At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

This conference shall be held within two school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

No penalties may be imposed on a pupil for failure of the pupil’s parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil’s parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Placement/Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension.

Upon a recommendation of expulsion by the Principal or Principal’s designee, the pupil and the pupil’s guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the pupil or the pupil’s parents, unless the pupil and the pupil’s parents fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following determinations: 1) the pupil’s presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil’s suspension will be extended pending the results of an expulsion hearing.

D. Authority to Expel

A student may be expelled either by the CMP Board following a hearing before it or by the CMP Board upon the recommendation of an Administrative Panel to be assigned by the CMP Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the pupil or a member of the CMP Board. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.
E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal or designee determines that the pupil has committed an expellable offense.

In the event an Administrative Panel hears the case, it will make a recommendation to the CMP Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student’s parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of Charter School’s disciplinary rules which relate to the alleged violation;
4. Notification of the student’s or parent/guardian’s obligation to provide information about the student’s status at the school to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student’s parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student’s behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five days’ notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness’ use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness’ presence is both desired by the witness and will be helpful to the Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the pupil being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness’ prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.
G. Record of Hearing
   A record of the hearing shall be made and may be maintained by any means, including
   electronic recording, as long as a reasonably accurate and complete written
   transcription of the proceedings can be made.

H. Presentation of Evidence
   While technical rules of evidence do not apply to expulsion hearings, evidence may be
   admitted and used as proof only if it is the kind of evidence on which reasonable
   persons can rely in the conduct of serious affairs. A recommendation by the
   Administrative Panel to expel must be supported by substantial evidence that the
   student committed an expellable offense.

   Findings of fact shall be based solely on the evidence at the hearing. While hearsay
   evidence is admissible, no decision to expel shall be based solely on hearsay and sworn
   declarations may be admitted as testimony from witnesses of whom the CMP Board or
   Administrative Panel determines that disclosure of their identity or testimony at the
   hearing may subject them to an unreasonable risk of physical or psychological harm.

   If, due to a written request by the expelled pupil, the hearing is held at a public
   meeting, and the charge is committing or attempting to commit a sexual assault or
   committing a sexual battery as defined in Education Code Section 48900, a
   complaining witness shall have the right to have his or her testimony heard in a session
   closed to the public.

   The decision of the Administrative Panel shall be in the form of written findings of fact
   and a written recommendation to the CMP Board who will make a final determination
   regarding the expulsion. The final decision by the CMP Board shall be made within ten
   (10) school days following the conclusion of the hearing. The decision of the CMP
   Board is final.

   If the Administrative Panel decides not to recommend expulsion, the pupil shall
   immediately be returned to their educational program.

I. Written Notice to Expel
   The Principal or designee, following a decision of the CMP Governing Board to expel,
   shall send written notice of the decision to expel, including the CMP Governing Board’s
   adopted findings of fact, to the student or parent/guardian. This notice shall also
   include the following:

   1. Notice of the specific offense committed by the student
   2. Notice of the student’s or parent/guardian’s obligation to inform any new
      district in which the student seeks to enroll of the student’s status with
      the Charter School.

   The Principal or designee shall send a copy of the written notice of the decision to
   expel to the student’s district of residence as soon as practicable. This notice shall
   include the following:

   1. The student’s name
   2. The specific expellable offense committed by the student
J. Disciplinary Records
The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the District upon request.

K. No Right to Appeal
The pupil shall have no right of appeal from expulsion from the Charter School as the CMP Board’s decision to expel shall be final.

L. Expelled Pupils/Alternative Education
Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence.

M. Rehabilitation Plans
Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the CMP Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may reapply to the Charter School for readmission.

N. Readmission
The decision to readmit a pupil or to admit a previously expelled pupil from another school, school district or charter school shall be in the sole discretion of the CMP Board following a meeting with the Principal and the pupil and guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Principal shall make a recommendation to the CMP Board following the meeting regarding his or her determination. The CMP Board shall then make a final decision regarding readmission during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The pupil’s readmission is also contingent upon the Charter School’s capacity at the time the student seeks readmission.

O. Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities
1. Notification of SELPA
The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA for the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.
2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child’s IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

   a) If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

   b) If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

   a) Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

   b) If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

   c) Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.
If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student’s disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter school, the hearing officer shall determine whether the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the Charter School agree otherwise.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student’s disability in cases where a student:

a) Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;

b) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c) Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student’s IEP/504 Team.
7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the School’s disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a) The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child’s teachers, that the student is in need of special education or related services.

b) The parent has requested an evaluation of the child.

c) The child’s teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student’s disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.
Plan 1: Section 5:
Teacher Notification of Dangerous Students
Plan 1: Section 5: Teacher Notification of Dangerous Students

The Superintendent or designee, in accordance with law, shall ensure administrators, teachers, and all applicable staff shall be notified of students who may pose a danger in the classroom. All information regarding suspension and expulsion is CONFIDENTIAL, and shall not be shared with any unauthorized parties.

CMP shall define a potentially dangerous student as a pupil who has: (1) during the previous three school years, engaged in an act resulting in a suspension or expulsion (except actions concerning tobacco use) or (2) committed a crime reported to CMP by a family member, local law enforcement, court services, probation department or social services.

In the event CMP is provided information from a previous school or agency or becomes aware of such behavior during the course of the student’s enrollment at CMP, this information shall be used to develop awareness, assign appropriate discipline consequences, assist in allocating resources, and may be a factor in determining which services are provided to the student or recommended to the parent/guardian.

Teachers are notified of a dangerous student via the following process:

- Any student meeting the above criteria will be flagged in our student data system.
- Upon receipt of incoming Cumulative files, data is reviewed by Administrative Staff and flagged for potentially dangerous students.
- If a student is flagged, a meeting will be scheduled with assigned teacher and site administrator to review any questions or concerns, and to establish support strategies as appropriate.
- Teacher will sign an acknowledgement form, Appendix 1-5-1, which will be kept in student’s cumulative file.
Plan 1: Section 6:
Title IX, Harassment, Intimidation, and Discrimination Policy
Plan 1: Section 6: Title IX Harassment Intimidation Discrimination Policy

Discrimination, sexual harassment, harassment, and intimidation, are all disruptive behaviors, which interfere with students’ ability to learn and negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, California Montessori Project (“CMP”) prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether across all campuses. This policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, sexual harassment, harassment, and intimidation, are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of disability, pregnancy, gender, gender identity, gender expression, nationality, ancestry, race or ethnicity, immigration status, religion, religious affiliation, sexual orientation, childbirth or related medical conditions, marital status, age, or association with a person or group with one or more of these actual or perceived characteristics or any other basis protected by federal, state, local law, ordinance or regulation. Hereafter, such actions are referred to as “misconduct prohibited by this Policy.”

To the extent possible, CMP will make reasonable efforts to prevent students from being discriminated against, harassed, and/or intimidated, and will take action to investigate, respond, address and report on such behaviors in a timely manner. CMP school staff that witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, CMP will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with which CMP does business, or any other individual, student, or volunteer. This policy applies to all employee, student, or volunteer actions and relationships, regardless of position or gender. CMP will promptly and thoroughly investigate any complaint of such misconduct prohibited by this Policy and take appropriate corrective action, if warranted.

Prohibited Unlawful Harassment under Title IX

Title IX (20 U.S.C. § 1681 et. seq; 34 C.F.R. § 106.1 et. seq) and California state law prohibit harassment on the basis of sex. In accordance with these existing laws, discrimination on the basis of sex in education institutions is prohibited. All persons, regardless of sex, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by CMP.

CMP is committed to providing an educational environment free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature when: (a) Submission to the conduct is explicitly or implicitly made a term or a condition of an individual's education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's academic performance, or of creating an intimidating, hostile, or offensive educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

It is also unlawful to retaliate in any way against an individual who has articulated a good faith concern about sexual harassment against him/her or against another individual.

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and
  - Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body

- Unwanted sexual advances, propositions or other sexual comments, such as:
  - Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience

  o Reading publicly or otherwise publicizing in the educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic, and
  o Displaying signs or other materials purporting to segregate an individual by sex in an area of the educational environment (other than restrooms or similar rooms)

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this Policy.

**Grievance Procedures**

**1. Reporting**

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene as soon as it is safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

Sherry Butler  
Student Services Coordinator  
(916) 971-2432  
sbutler@cacmp.org

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. Oral reports shall also be considered official reports. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.
Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that they can get assistance in resolving the issue in a manner that is consistent with this Policy.

CMP acknowledges and respects every individual’s right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to carry out the investigation and/or to resolve the issue, as determined by the CMP Coordinator or administrative designee on a case-by-case basis.

CMP prohibits any form of retaliation against any reporter in the reporting process, including but not limited to a reporter’s filing of a complaint or the reporting of instances of misconduct prohibited by this Policy. Such participation shall not in any way affect the status, grades, or work assignments of the reporter.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

2. Investigation

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of CMP, the CMP Coordinator or administrative designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than seven (7) school days. If the CMP Coordinator, or administrative designee determines that an investigation will take longer than seven (7) school days, he or she will inform the complainant and any other relevant parties and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the CMP Coordinator or administrative designee will meet with the complainant and, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, in no case may the CMP Coordinator or administrative designee reveal confidential information related to other students or employees, including the type and extent of discipline issued against such students or employees.

All records related to any investigation of complaints under this Policy are maintained in a secure location.

3. Consequences

Students or employees who engage in misconduct prohibited by this Policy will be subject to disciplinary action.
4. Uniform Complaint Procedures
When harassment or bullying is based upon one of the protected characteristics set forth in this Policy, a complainant may also fill out a Uniform Complaint Procedures (“UCP”) complaint form at any time during the process, consistent with the procedures laid out in this Handbook.

5. Right of Appeal
Should the Complainant find the Coordinator’s resolution unsatisfactory, he/she may, within five (5) school days, file an appeal with the Executive Director or designee in accordance with the CMP Dispute Resolution Policy. In such cases, the Executive Director or designee will conduct a confidential review of the Complainant’s appeal and render a final decision.

Plan 1: Section 8: Peace Education/Anti-Bullying Policy
Plan 1: Section 8: Peace Education/Anti-Bullying Policy

CMP’s Focus on a Peaceful School Environment

(A proactive approach to prevent bullying in our schools)

The California Montessori Project recognizes that the role of the parent/guardian is paramount in developing civic values and ethical behavior in their children. Montessori curriculum is developed to encourage and support students in the further development of the civic values and ethical behaviors that support them to become responsible and caring citizens, family members, and workers within society. Character education is interwoven throughout the educational program and fosters qualities such as: honesty, respect for self, others and property, morality (understanding what is right, legal and ethical), responsibility, human dignity, empathy, justice, civility, courage, and concern for the common good. CMP encourages all students to participate in community service projects to learn the importance of giving back to their community.

The California Montessori Project believes in the dignity of all and that everyone, including students, families and staff, should be treated with dignity and respect. There is a great deal of diversity in the families we serve, and we strive to ensure that everyone feels welcome within our schools. Differences are celebrated! As a part of Cosmic Education (a study of each cosmic unit in relation to the whole), Maria Montessori was an advocate of Peace Education: the idea that the study and understanding of different cultures and societies would lead to acceptance and peace between nations. The breadth of the Montessori curriculum is designed to provide students with this exposure to a variety of cultures, societies, and beliefs, and to support students to be good citizens, as well as progressive and compassionate thinkers and high-level communicators.

In accordance with this aim, CMP will not tolerate behavior by students, families, staff or visitors which is insulting, degrading or stereotyping of any race, religion, gender, gender identity, gender expression, disability, physical characteristics, ethnic group, sexual preference, age, nationality, or association with a person or group with one or more of these actual or perceived characteristics.

The Montessori philosophy and educational model emphasizes respect for all individuals which is a key component in building a strong school community. Adults serve as models in the way they address the children. Lessons of “Grace and Courtesy” begin at the earliest grades, and students have the opportunity to learn peaceful ways to work through their conflicts. When issues and misbehaviors do occur, a positive discipline approach, based on respectful, relevant and related consequences, is utilized.

The California Montessori Project staff is trained in positive discipline methods such as Love & Logic and Jane Nelsen’s “Positive Discipline.” The classroom curriculum includes Peace Education, with an emphasis on personal peace and tolerance of others’ differences. Conflict resolution tools, such as Peace Talks, assist the children in learning these important life skills.

A team from each CMP campus, comprised of administration, teachers, and parents, has been trained to implement a Positive Discipline Approach through the Positive Behavior Intervention and Support (PBIS) program. Each campus has created a slogan emphasizing Safety, Respect, and Responsibility. Students are presented with lessons, which include scenarios for all areas of the school, discussing the reasons for safety, respect, and responsibility in those locations. Positive reinforcement is stressed, and students are “caught” following the rules and guidelines.
When a student is observed not following a rule, the child is asked if they know the rule and is then redirected to show the appropriate behavior. Only when a child repeatedly misbehaves are they referred to the school office and parents contacted. Data is collected to determine if further training is necessary for all of the students when issues occur often and by numerous students. The emphasis is on training and positive reinforcement for the desired behavior, as opposed to a punitive approach. If unacceptable school behavior is observed, the student will be subject to CMP’s Student Discipline Policy. CMP creates a peaceful community for our students and family through a layered approach. Here is a quick list of how we ensure a peaceful school environment for our students:

- **PBIS** program incorporating classroom lessons and school wide assemblies that focus on safety, respect, and responsibility
- Montessori Peace Education
- Assemblies from contracted agencies on bully prevention
- Low student to teacher ratios in the classroom and playground
- Multi-age classrooms which encourages peer mentoring
- Classroom morning meetings with opportunities for conflict resolution
- Jonathan Wolff’s *Character Traits* program
- Computer based cyber-bully prevention lessons
- School Communication (voice dialer, web site, regular school/classroom newsletters)
- Annual Parent/Teacher Conferences
- Parent Education Workshops
- Parent Volunteer program
- Available administrators via phone, email, or appointment to discuss any safety concerns

Hazing, bullying, and harassment are degrading activities. To clarify, *hazing* is an activity by a group that is done to a person as a type of initiation into their “group”. A *bully* is a person who is habitually cruel or overbearing, especially to a smaller or perceived weaker person. Bullying occurs both in person and/or through various forms of communication (Internet, notes, texting, social networking, etc.). *Sexual harassment* is when one student, staff member, or other individual makes sexually charged remarks at, about, or around another individual. These remarks may make others uncomfortable and are not acceptable. Other forms of *harassment* include, but are not limited to: name calling, throwing items at another person, taking someone else’s possessions (i.e. backpacks, shoes, binder) and “hiding” or removing them from view, starting or facilitating rumors about individuals, physical intimidation, and making slurs or remarks intended to be insulting or derogatory. Any student suspected of or caught participating in hazing, bullying, or harassing another student or staff member will be subject to disciplinary action as outlined in the CMP Family Handbook.

If a student is being bullied, hazed or harassed in any manner, it is essential that they report the incident and/or behavior to a staff member to receive support and guidance. Many comments and bullying type behavior can go on undetected by staff. For the issues to be properly addressed, they must be identified. Children are empowered to share their experiences directly through their classroom/ community meetings.

As stated previously, the California Montessori Project believes that all students have a right to a safe and healthy school environment. The organization, school, and community have an obligation to promote mutual respect, tolerance, and acceptance.

The California Montessori Project will not tolerate behavior that infringes on the safety of any student. A student shall not intimidate, harass, or bully another student through words or
actions. Such behavior includes: direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name calling; and social isolation or manipulation.

CMP will provide staff development training in peace education/ conflict resolution/ bullying prevention. This will help to cultivate acceptance and understanding in all students and staff to build each individual CMP campus’ capacity to maintain a safe and healthy learning environment.

Teachers should discuss this policy with their students in an age appropriate manner and should assure them that they need not endure any form of bullying. Students who bully are in violation of this policy and are subject to disciplinary action up to and including expulsion.

The California Montessori Project expects staff, students, and parent/guardians to immediately report incidents of bullying. Reports may be made to any school employee either verbally, in writing, or through electronic communications such as email. Reports may also be made by completing the CMP Suspected Bully Incident Form and submitting it to the campus principal or designee. Staff who witness such acts should take immediate steps to intervene when it is safe to do so and should also utilize the CMP Suspected Bully Incident Form to document the bullying behavior.

Each complaint of bullying will be investigated by the campus principal, or designee utilizing the CMP Bullying Response and Investigation Form. The campus principal or designee will begin investigation into the bullying complaint within one school day. This policy applies to students on school grounds and during a school sponsored activities.

In summary:

- Any student who engages in bullying may be subject to disciplinary action up to and including expulsion, per the CMP Suspension and Expulsion Policy.
- Students are expected to immediately report incidents of bullying to a school employee, principal, or designee.
- Students can rely on staff to investigate each complaint of bullying in a thorough and confidential manner.
- If the complainant student or the parent of the student feels the appropriate resolution of the investigation or complaint has not been reached, the student or the parent of the student should contact a teacher or the campus principal and/or utilize the CMP Dispute Resolution Policy or the CMP Uniform Complaint Policy and Procedure, if applicable.
Plan 1: Section 9: Safe and Orderly Learning Environment
Plan 1: Section 9: A Safe and Orderly Environment for Learning

California Montessori Project (CMP) offers an environment which has the tools, programs, resources and support to enable students to become educated to high academic standards and to develop themselves to their fullest capacity as competent, happy, productive individuals, family members, workers, and contributors to a better society and a peaceful world.

This is achieved through a commitment from the community: parents, teachers, community groups, the legislature and, most importantly, the individual child.

CMP provides a Montessori curriculum, integrated with the California Common Core State Standards, for students ranging from Transitional Kindergarten/Kindergarten through eighth grade. CMP is committed to serving the best interest of the student. Parental participation is highly valued in terms of the contribution it makes to the child’s education and the school community.

High academic standards and expectations of achievement, with emphasis on core subjects, are maintained through adherence to these values:

- Low student/teacher ratios
- Creative, passionate, progressive teachers who are committed to Montessori philosophy
- Responsibility, accountability, and freedom for individual student progress within the academic framework
- Challenges to develop critical reasoning, openness to encourage creativity, and opportunities to facilitate service
- High, unwavering standards of conduct, emphasizing respect for self and others, honesty, responsibility, courtesy, and safety
- Emphasis on collaboration, peer governance, problem-solving, and goal-setting according to developmental readiness
- High parental involvement and collaboration in education and governance

Core Beliefs
Dr. Montessori’s fundamental goal was to prepare the child for the “real world” and recognized that each child is a unique individual with unique personal, social, and educational needs. As a result, interactions with individual children may be unique in nature. In response to this, CMP has chosen to adopt a “principles-based” approach to professional conduct and school-wide behavior management. Under such an approach, CMP staff members have met and agreed upon a common set of principles, which shall serve as the basis for all interactions and decisions that may arise within the school community.

Empirical research has shown us that people learn in two ways: through experience and by modeling. Recognizing that each person comes to our community with a different personality and a different set of life experiences, it is almost impossible to achieve total consistency of
beliefs and actions within a staff. As we strive to acknowledge the unique nature of each student and staff member, consistency is achieved when social, academic and professional decisions are handled in a manner consistent with an agreed set of principles. Thus staff members are encouraged to approach situations and decisions with the understanding that the coaching, counseling, and/or consequence implemented shall be consistent with the set of values and principles agreed upon by the staff as a whole.

The following list of core beliefs outlines the professional attitudes and actions of all staff members of this school:

1. Our professional attitude is a mindset with a core belief that our actions and our words should always maintain the dignity and respect of both child and adult.
2. Adults will model appropriate and respectful behavior for students and will guide students to solve their own problems in any way that does not create a problem for others.
3. Students will be given opportunities to make decisions and live with the consequences, both positive and negative. These experiences shall serve as valuable learning opportunities for our students.
4. Students will be given the opportunity to make decisions about issues which affect themselves. Outcome of choices, including misbehavior, will be handled with natural and/or logical consequences instead of punishment, whenever possible.
5. Outcomes of choices and misbehavior will be viewed as opportunities for individual problem solving and preparation for the real world. Staff acknowledges that misbehaviors are not necessarily a personal attack on school or staff and acknowledge other underlying personal or emotional issues may need to be considered.
6. In the event a consequence appears to be unfair, students are encouraged to request an opportunity to fully communicate their viewpoints and any additional facts regarding a situation with which they were involved.
7. School problems will be handled by school personnel. Criminal activity will be referred to the proper authorities.
Plan 1: Section 10:
Procedures of Safe Ingress and Egress of Stakeholders
Plan 1: Section 10: Procedures of Safe Ingress and Egress of Stakeholders

1.10.1 Drop Off and Pick Up Procedures
Due to traffic and facility configurations, each CMP campus has its own drop off and pick up procedures. In general, parents should plan to drop off their children at the designated location. Likewise, parents should plan to pick up their students at the end of the school day in the designated location to alleviate traffic and campus congestion. See Appendix 1-10-1 for a campus specific drop-off and pick-up procedures and/or map.

1.10.2 Visitor Procedures
CMP uses continuing efforts to minimize the number of campus entrance and exit points used daily. Access to school grounds is supervised on a regular basis by individuals, such as campus staff who are familiar with the student body. Campus traffic, both pedestrian and vehicular, flows through areas which can be easily and naturally supervised. Delivery entrances used by vendors are also checked regularly.

To ensure the safety of students and staff and avoid potential disruptions, all visitors to the campus, except students of the school and staff members, must register immediately upon entering any school building or grounds when school is in session. Upon registering with the school office, visitors will receive a visitor’s badge which is to be worn during the duration of their visit on the campus premises and returned to the office upon signing out of the campus.

The principal or designee may direct an individual to leave school grounds if they have a reasonable basis for concluding the person is likely to interfere with the peaceful conduct of school activities or the person has entered the campus with the purpose of committing a disruptive or unsafe act.
Plan 1: Section 11: Suicide Prevention
   Plan 1: Section 11a: Suicide Prevention Policy
   Plan 1: Section 11b: Protocols for Assessing Students at Risk for Suicide
   Plan 1: Section 11c: Suicide Risk Assessment Questionnaire
   Plan 1: Section 11d: Suicide Risk Assessment Results
   Plan 1: Section 11e: Suicide Risk Assessment Action Plan
Plan 1: Section 11a: Suicide Prevention: Suicide Prevention Policy
Plan 1: Section 11a: Suicide Prevention Policy

California Montessori Project (CMP) recognizes that suicide is a leading cause of death among youth, and that an even greater amount of youth consider suicide (Centers for Disease Control and Prevention, 2015).

The possibility of suicide and suicidal ideation requires vigilant attention from our school staff. As a result, we are ethically and legally responsible for providing an appropriate and timely response in preventing suicidal ideation, attempts, and deaths. We also must work to create a safe and nurturing campus that minimizes suicidal ideation in students.

Recognizing that it is the duty of CMP to protect the health, safety, and welfare of its students, this policy aims to safeguard students and staff against suicide attempts, deaths and other trauma associated with suicide, including providing adequate supports for students, staff, and families affected by suicide attempts and loss.

This policy is based on research and best practices in suicide prevention, and has been adopted with the understanding that suicide prevention activities decrease suicide risk, increase help-seeking behavior, identify those at risk of suicide, and decrease suicidal behaviors. Empirical evidence refutes a common belief that talking about suicide can increase risk or “place the idea in someone’s mind.”

In an attempt to reduce suicidal behavior and its impact on students and families, the Superintendent or Designee shall develop strategies for suicide prevention, intervention, and postvention, and the identification of the mental health challenges frequently associated with suicidal thinking and behavior. These strategies shall include professional development for all school personnel in all job categories who regularly interact with students or are in a position to recognize the risk factors and warning signs of suicide.

The Superintendent or Designee develop and implement preventive strategies and intervention procedures that include the following:

Overall Strategic Plan for Suicide Prevention

The Superintendent or Designee shall involve school-employed mental health professionals, administrators, other school staff members, parents/guardians/caregivers, students, and appropriate community organizations in planning, implementing, and evaluating the district’s strategies for suicide prevention and intervention.

The Superintendent or Designee will ensure policies regarding suicide prevention are properly adopted, implemented, and updated, CMP will appoint an individual (or team) to serve as the suicide prevention point of contact for the network. In addition, the campus Principal or Designee will serve as the suicide prevention point of contact, and coordinate and implement suicide prevention activities. This policy shall be reviewed and revised as indicated, at least annually in conjunction with the previously mentioned community stakeholders.
Prevention:

A. Messaging about Suicide Prevention
   Messaging about suicide has an effect on suicidal thinking and behaviors. Consequently, CMP along with its partners has critically reviewed and will continue to review all materials and resources used in awareness efforts to ensure they align with best practices for safe messaging about suicide.

B. Suicide Prevention Training and Education
   CMP will provide training in the mental health model of suicide prevention for all school staff members and will be implemented as follows:

Training:

- At least annually, all staff shall receive training on the risk factors and warning signs of suicide, suicide prevention, intervention, referral, and postvention.

- All suicide prevention trainings shall be offered under the direction of school-employed mental health professionals (e.g., school counselors, psychologist) who have received advanced training specific to suicide and may benefit from collaboration with one or more county and/or community mental health agencies. Staff training can be adjusted year-to-year based on previous professional development activities and emerging best practices.

- All CMP staff will participate in a minimum of one-hour general suicide prevention training on the core components of suicide prevention (identification of suicide risk factors and warning signs, prevention, intervention, referral, and postvention) and will include:
  
  o Suicide risk factors, warning signs, and protective factors;
  o How to talk with a student about thoughts of suicide;
  o How to respond appropriately to the youth who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and an immediate referral for a suicide risk assessment;
  o Emphasis on immediately referring (same day) any student who is identified to be at risk of suicide for assessment while staying under constant monitoring by staff member;
  o Emphasis on reducing stigma associated with mental illness and that early prevention and intervention can drastically reduce the risk of suicide;
  o The impact of traumatic stress on emotional and mental health;
  o Common misconceptions about suicide;
  o School and community suicide prevention resources;
  o Appropriate messaging about suicide (correct terminology, safe messaging guidelines);
- The factors associated with suicide (risk factors, warning signs, protective factors);

- How to identify youth who may be at risk of suicide;

- Appropriate ways to interact with a youth who is demonstrating emotional distress or is suicidal. Specifically, how to talk with a student about their thoughts of suicide and (based on district guidelines) how to respond to such thinking; how to talk with a student about thoughts of suicide and appropriately respond and provide support based on district guidelines;

- CMP-approved procedures for responding to suicide risk. Such procedures should emphasize that the suicidal student should be constantly supervised until a suicide risk assessment is completed;

- CMP-approved procedures and protocols for responding to the aftermath of suicidal behavior (suicidal behavior postvention);

- Resources regarding youth suicide prevention;

- The professional development also shall include additional information regarding groups of students judged by the school, and available research, to be at elevated risk for suicide. These groups include, but are not limited to, the following:

  - Youth with a history of suicide ideation or attempts;

  - Youth with disabilities, mental illness, or substance abuse disorders;

  - Lesbian, gay, bisexual, transgender, or questioning youth;

  - Youth experiencing homelessness or in out-of-home settings, such as foster care;

  - Youth who have suffered traumatic experiences

A. Employee Qualifications and Scope of Services

Employees of CMP and their partners must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to take action in attempt to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

B. Specialized Staff Training (Assessment)

Additional professional development in suicide risk assessment and crisis intervention shall be provided to mental health professionals and administrators employed by CMP.

C. Parents, Guardians, and Caregivers Participation and Education

- To the extent possible, parents/guardians/caregivers should be included in all suicide prevention efforts. At a minimum, schools shall share with parents/guardians/caregivers the CMP Suicide Prevention Policy and Protocols.
• This suicide prevention policy shall be prominently displayed on CMP’s Web page and included in annual notification of policies.

• Parents/guardians/caregivers should be invited to provide input on the development and implementation of this policy

D. Student Participation and Education

Under the supervision of school-employed mental health professionals, at-risk students and seventh - eighth grade students shall:

• Receive developmentally appropriate, student-centered education about the warning signs of mental health challenges and emotional distress;

• Receive developmentally appropriate guidance regarding the district’s suicide prevention, intervention, and referral procedures.

• The content of the education shall include:
  
o  Coping strategies for dealing with stress and trauma;
  
o  How to recognize behaviors (warning signs) and life issues (risk factors) associated with suicide and mental health issues in oneself and others;
  
o  Help-seeking strategies for oneself and others, including how to engage school-based and community resources and refer peers for help;
  
o  Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.

Student-focused suicide prevention education can be incorporated into classroom curricula such as middle school health class.
Intervention, Assessment, Referral

A. Staff

Whenever a staff member suspects or has knowledge of a student’s suicidal intentions, they shall promptly notify the school Administrator or Designee. The Administrator or designee will follow CMP’s Suicide Prevention Protocols and Risk Assessment Procedures.

If the student is in imminent danger (has access to a gun, is on a rooftop, or in other unsafe conditions), a call shall be made to 911.

- Students experiencing suicidal ideation shall not be left unsupervised.
- A referral process should be prominently disseminated to all staff members, so they know how to respond to a crisis and are knowledgeable about the school and community-based resources.
- The Superintendent or Designee shall establish crisis intervention procedures to ensure student safety and appropriate communications if a suicide occurs or an attempt is made by a student or adult on campus or at a school-sponsored activity.

B. Parents, Guardians, and Caregivers

A referral process should be prominently disseminated to all parents/guardians/caregivers, so they know how to respond to a crisis and are knowledgeable about the school and community-based resources.

C. Students

Students shall be encouraged to notify a staff member when they are experiencing emotional distress or suicidal ideation, or when they suspect or have knowledge of another student’s emotional distress, suicidal ideation, or attempt.

D. Parental Notification and Involvement

CMP shall identify a process to ensure continuing care for the student identified to be at risk of suicide. The following steps should be followed to ensure continuity of care:

- After a referral is made for a student, school staff shall verify with the parent/guardian/caregiver that follow-up treatment has been accessed. Parents/guardians/caregivers will be required to provide documentation of care for the student.
- If parents/guardians/caregivers refuse or neglect to access treatment for a student who has been identified to be at-risk for suicide or in emotional distress, the suicide point of contact (or other appropriate school staff member) will meet with the parents/guardians/caregivers to identify barriers to treatment (e.g.,
cultural stigma, financial issues) and work to rectify the situation and build understanding of the importance of care.

E. Action Plan for In-School Suicide Attempts

If a suicide attempt is made during the school day on campus, it is important to remember that the health and safety of the student and those around him/her is critical. The following steps should be implemented:

- Remain calm, remember the student is overwhelmed, confused, and emotionally distressed;
- Move all other students out of the immediate area;
- Immediately contact the Administrator or Designee;
- Call 911 and give them as much information about any suicide note, medications taken, and access to weapons, if applicable;
- If needed, provide medical first aid until a medical professional is available;
- Parents/guardians/caregivers should be contacted as soon as possible;
- Do not send the student away or leave them alone, even if they need to go to the restroom;
- Listen and prompt the student to talk;
- Review options and resources of people who can help;
- Be comfortable with moments of silence as you and the student will need time to process the situation;
- Provide comfort to the student;
- Promise privacy and help, and be respectful, but do not promise confidentiality;
- If appropriate follow CMP Suicide Prevention Protocols and Risk Assessment;
- Student should only be released to parents/guardians/caregivers or to a person who is qualified and trained to provide help.

F. Action Plan for Out-of-School Suicide Attempts

If a suicide attempt by a student is outside of CMP property, it is crucial that the LEA protects the privacy of the student and maintain a confidential record of the actions taken to intervene, support, and protect the student. The following steps should be implemented:

- Contact the parents/guardians/caregivers and offer support to the family;
• Discuss with the family how they would like the school to respond to the attempt while minimizing widespread rumors among teachers, staff, and students;

• Obtain permission from the parents/guardians/caregivers to share information to ensure the facts regarding the crisis is correct;

• Provide care and determine appropriate support to affected students;

• Offer to the student and parents/guardians/caregivers steps for a re-entry plan to school.

G. Supporting Students after a Mental Health Crisis

It is crucial that careful steps are taken to help provide the mental health support for the student and to monitor their actions for any signs of suicide. The following steps should be implemented after the crisis has happened:

• Treat every threat with seriousness and approach with a calm manner; make the student a priority;

• Listen actively and non-judgmental to the student. Let the student express his or her feelings;

• Acknowledge the feelings and do not argue with the student;

• Offer hope and let the student know they are safe and that help is provided. Do not promise confidentiality or cause stress;

• Explain calmly and get the student to a trained professional, or designated staff to further support the student;

• Keep close contact with the parents/guardians/caregivers.

H. Re-Entry to School After a Suicide Attempt

A student who threatened or attempted suicide is at a higher risk for suicide in the months following the crisis. Having a streamlined and well planned re-entry process ensures the safety and wellbeing of students who have previously attempted suicide and reduces the risk of another attempt. An appropriate re-entry process is an important component of suicide prevention. Involving students in planning for their return to school provides them with a sense of control, personal responsibility, and empowerment.

The following steps shall be implemented upon re-entry:

• Obtain a written release of information signed by parents/guardians/caregivers and providers, and when appropriate mental health providers;

• Confer with student and parents/guardians/caregivers about any specific requests on how to handle the situation;
• Inform the student's teachers about possible days of absences;
• Allow accommodations for student to make up work (be understanding that missed assignments may add stress to student);
• Trusted staff members should maintain ongoing contact to monitor student’s actions and mood;
• Work with parents/guardians/caregivers to involve the student in a safety plan.

I. Responding After a Suicide Death (Postvention)

A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on students and staff. Therefore, it is vital that we are prepared ahead of time in the event of such a tragedy. The Superintendent or Designee shall ensure that each school site adopts a plan for responding to a suicide death as part of the general Crisis Response Plan. The Suicide Postvention Response Plan needs to incorporate both immediate and long-term steps and objectives.

• Suicide Postvention Response Plan shall include the following:
  o School Administrator shall confirm death and cause;
  o Enact the Suicide Postvention Response Plan, include an initial meeting of the CMP Suicide Postvention Response Team;
  o Notify all staff members (ideally in-person or via phone, not via e-mail or mass notification).

• Coordinate an all-staff meeting, to include:
  o Notification (if not already conducted) to staff about suicide death;
  o Emotional support and resources available to staff;
  o Notification to students about suicide death and the availability of support services (if this is the protocol that is decided by administration);
  o Share information that is relevant and that which you have permission to disclose.

• Prepare staff to respond to needs of students regarding the following:
  o Review of protocols for referring students for support/assessment;
  o Talking points for staff to notify students;
  o Resources available to students (on and off campus).
• Identify students significantly affected by suicide death and other students at risk of imitative behavior;
• Identify students affected by suicide death but not at risk of imitative behavior;
• Communicate with the larger school community about the suicide death;
• Consider funeral arrangements for family and school community;
• Respond to memorial requests in respectful and non-harmful manner; responses should be handed in a thoughtful way and their impact on other students should be considered;
• Utilize and respond to social media outlets:
  o Identify what platforms students are using to respond to suicide death
  o Identify/train staff and students to monitor social media outlets
• Include long-term suicide postvention responses:
  o Consider important dates (i.e., anniversary of death, deceased birthday, graduation, or other significant event) and how these will be addressed
  o Support siblings, close friends, teachers, and/or students of deceased
  o Consider long-term memorials and how they may impact students who are emotionally vulnerable and at risk of suicide
Plan 1: Section 11b: Suicide Prevention: Protocols for Assessing Students at Risk for Suicide
Plan 1: Section 11b: Protocols for Assessing Students at Risk for Suicide

The following is a summary checklist of general procedures for the administrator to respond to any reports of students exhibiting suicidal behavior/ideation and/or self-injury. The urgency will indicate the order in which the subsequent steps are followed.

1. **Respond Immediately**
   - Report Concerns to administrator/designee as soon as possible.
   - Do not leave the student unsupervised.

2. **Secure the Safety of the Student**
   - Supervise the student at all times.

Plan 1: Section 11d: Suicide Prevention: Suicide Risk Assessment Results
Plan 1: Section 11d: Suicide Risk Assessment Results

Risk Level I:
Thoughts, suicide ideation, but no previous attempts, no plan, no access to weapons or means, no recent losses, direct or indirect threats, change in personality, signs of depression, evidence of self-harm in written/non-written work, internet postings, drawings; sudden changes in personality/behavior.

Risk Level II:
Suicide ideation, plan, but no means, destructive behavior, student can commit to safety, previous attempts, or recent suicides among family/friends or high profile suicide in media or community, alcohol/drug use, diagnosed or undiagnosed mental illness, recent traumas, or change in medication.

Risk Level III:
Ideation, plan with means indicating when, where and how; cannot commit to being safe, previous suicide attempts, previous hospitalization for mental health, recent trauma, depression signs, diagnosed or undiagnosed mental illness "i.e. mood disorder", recent suicide/good-bye messages in text or on social networking sites, alcohol/drug use, repetitive self-injurer, access to lethal methods (guns), changes in medication, lack of support system, loss of loved one, traumatic event, and/or bullying.

NOTE:
• Any time there is an indication of previous suicide attempt, suicide in family/friends, recent hospitalizations, alcohol/drug use, and change in medication for diagnosed mental illness, lack of support system, and abrupt changes in behavior, recent traumas, recent loss, victimization the student will automatically be elevated to Risk Level II or III.

• Access to lethal means potentially increases the risk level. If a student cannot commit to safety and has access to guns, the level is automatically elevated to Risk Level III.

• Always attempt to consult with Special Education and/or Student Services Coordinator who will help decide to involve CMP mental health services.

• Never leave a student unsupervised.

• The risk levels described are designed to assist you in determining suicide risk, but is not an absolute measure of suicidal behavior.
